

The Ultimate TECH CAREER TOOLBOX 2019

Everything you need to learn new tech skills, earn more money,
and level up your career — guaranteed.

Recommended Learning Guide

There's a lot of content in this bundle, so to stop you from being overwhelmed, we've put together this recommended learning guide. Of course, you don't have to take every course inside the bundle. Nor must you follow this particular order. We just wanted to give you some guidance. Enjoy!

	Beginner	Intermediate	Advanced
Basic tech skills	Learn Enough Developer Fundamentals (Michael Hartl)		
Frontend dev	Learn JavaScript - JavaScript beginners bundle (Laurence Svekis)		
	Mastering React (Mosh Hamedani)
